Project Title	Researching Middle East and North Africa-Based Potential Partners and Workshops
Project Summary	Conduct online research on corporations and foundations in the Middle East, namely the Arab world, to identify potential USAID partnerships and meeting opportunities for USAID officials.
Country	United States
Agency	Agency for International Development
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	1

Project Description

USAID/Middle East's Office of Technical Support is looking for a motivated intern to conduct online research on: (1) corporations, foundations, and other donors in the Arab world with which USAID might consider partnering in support of shared objectives in a variety of sectors (ie, health, education, climate change, economic growth, gender, youth, governance) - and (2) workshops, conferences, and other events around the world of professional interest to USAID/Middle East technical staff. We would look for the intern to provide bi-weekly reports on her/his findings and would provide advice and guidance electronically and by phone as needed in support of her/his efforts. We would also be happy to talk about opportunities with USAID and careers in international development based on the student's interests.
